

Unit Kit Care

Tents

- Unzip the sleeping pod, shake out leaves and dirt
- Wipe off mud with a damp cloth
- Air dry the tent (please do not put in a tumble dryer)
- Repack
- Let a leader know if there are parts missing or broken

Trangia stoves

- Scrub the inside & outside of the trangia with a scouring pad (please do not put in the dishwasher, and please do not get the burner wet)
- Dry
- Repack
- Let a leader know if there are parts missing

Barrels

- Shake out
- Rinse out with hot soapy water
- Dry
- Replace lid

Dry bags

- Shake out
- Wipe with a damp cloth
- Dry

Please bring the kit to Explorers the following Explorer night and sign it in with a leader. If something is missing or damaged, please let us know so that we can fix it or replace it.
